HKSTP 

HKSTP EXPERIENCE CENTRE WELCOMES YOU

At this new premier checkpoint of Hong Kong Science Park, you can explore and discover hidden gems in the innovation and technology (I&T) ecosystem of Hong Kong Science and Technology Parks Corporation (HKSTP), encompassing collaborative innovations from our 1,000 partner companies and business partners from the government, industry, academia, research and investment sectors.

Here in this epitome of our vibrant I&T ecosystem, inspiring innovation stories are brought to life. Visitors will get a glimpse of this research and development (R&D) base, the largest in Hong Kong, and interact with real tech that transform our lives and businesses. Be inspired to co-create a better future together.

THIS TECHNOLOGY-EMPOWERED COLLECTIVE MASTERPIECE PRESENTS:

370+ m²

of immersive I&T experience

7 zones

for an inspirational, visionary and interactive journey

300+
tech components

powering **30+ multimedia and interactive exhibits** that narrate stories about Hong Kong's I&T ecosystem and HKSTP's role

The collective achievements and evolving innovations and technologies of our partner companies

A shared space

for Science Park partner companies and the larger I&T community to explore collaboration

EMBARK ON HONG KONG'S I&T JOURNEY FROM SCIENCE PARK

With Hong Kong rapidly developing the city's core strengths as an international I&T hub, HKSTP is at the forefront of cultivating a fertile hub for I&T to thrive in the region – an ecosystem where innovative international minds gather, spark ideas and co-create a better future.

We tailor-create support initiatives and a state-of-the-art environment to nurture tech-for-good in four strategic focus areas – Biomedical Tech, AI & Robotics, Data & Smart City and FinTech.

We enable collaborative synergy that fuels enterprising spirit to benefit the society. We build a place of inspiration for innovators to explore and nurture potential opportunities, collaborate and realize visions.

Here's where innovation starts and
the future arrives.

1 IMMERSIVE ROOM

HKSTP invites innovative pioneers from anywhere in the world here to solve humanity's challenges with technology.

At these preliminary touchpoints of the Experience Centre, you will get a sneak peek of this unique and lively I&T ecosystem nurtured by HKSTP. Along the entire I&T value chain from R&D to re-industrialization, we support technopreneurs throughout the innovation journey, from idea to commercialization.

A stunning and stimulating visual experience awaits at the Immersive Room and the Hall of Fame, showing how HKSTP ignites the passion for innovation and helps innovators realize their ideas from zero to one, creating new norms for our world.

2 HALL OF FAME

3 DISCOVERY AREA

Deep-dive into the four strategic focus areas in which Hong Kong enjoys distinct advantages.

BIOMEDICAL TECHNOLOGY

Biotech responds to the growing needs of the world's aging populations for healthy living and quality of patient care through early diagnostics and advanced therapeutics. An increasing number of biotech companies at Science Park are working hard to transform lives, leveraging on Hong Kong's advantages.

Get ready to see, through augmented reality, how biotech works its magic, shaping Hong Kong into a launchpad for biotech ambitions.

DATA & SMART CITY

Data and Smart City tech solutions address urban challenges and improve people's quality of living as well as Hong Kong's sustainability, efficiency and safety.

Check out, in real-time, how data-driven insights are accelerating smart city development at Science Park, and how smart city innovations are being piloted in this Smart Region Living Lab.

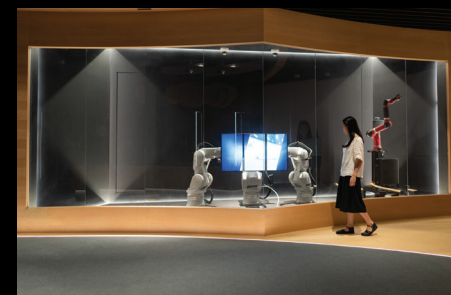

FINTECH

Fintech is changing the way we do business and revolutionizing the customer experience. The Fin+Tech Hub at HKSTP's InnoCentre is playing a pivotal role in fostering fintech development and nurturing a vibrant fintech ecosystem by creating an inclusive platform for cross collaboration.

Get a global perspective here about our Fin+Tech capabilities and how we foster co-creation between tech experts and fintech leaders.

AI & ROBOTICS

AI & Robotics (AIR) solutions are around us. They improve our lives, streamline work and disrupt industries. AIR companies at Science Park are putting different spins on traditional industries, like healthcare, food and beverage, retail and construction.

See robotics poetry in motion here to discover what value-added support is in place to enable AIR solutions emerging from Science Park.

4 VISIONARY TABLE

Get inspired by authentic stories empowered by innovation, technology and entrepreneurship. Let's join forces and realize our innovation future!

Take your time, at your own pace, to explore how we cultivate a culture of innovation and how we enable collaborative synergy to create tech-for-good and accelerate tech development leveraging opportunities in the Greater Bay Area and the world.

5 INFINITY ROOM & IMMERSIVE ROOM

Our I&T community appreciates the support of the wider community. Here at the Experience Centre, you can cheer for our innovators through a fun interaction. We'd love to hear from you!

6 FLEXIBLE SPACE

This special flexible shared space for inspiration and co-creation is set up for partner companies and the larger I&T community to spark ideas, explore potential opportunities, collaborate and realize visions. A perfect space ideal for small group meetings, customer engagement and networking.

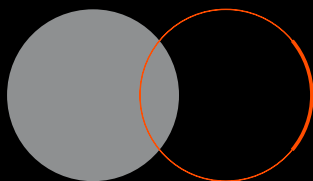

Special thanks to all partners & contributors
for the making of the HKSTP Experience Centre
